

## A Beautiful Picture, continued

Stephanie had a lot to say about how life had changed in the past year. She loves being a mom and Ivan is a natural as a dad. Stephanie says of Navi, "When I look at him today, I am so glad, sometimes I just think....what if I had aborted him." When asked about how CPO helped her, she replied, "When I went to CPO I was planning to abort, but at CPO you used scripture. I don't think I would have listened as much if you had not been Christians....you used the Bible and I know the Bible is important." She also said, "I have told my mom I am so glad I went to CPO". The most amazing part about our time with Stephanie and Ivan was to see the Word of God melt the heart of a young woman in the midst of such a life altering decision.

Her worries were ones that most girls face in this situation. Stephanie said, "I always knew abortion was wrong, but I had so many things to think about, like what my family and people at church would think. I had a problem, but after I made my decision, not to abort, I began thinking of him more as a baby and actually as a blessing."

We asked them to keep in touch with us, so we could see Navi grow up. Ivan was quick to assure us that we would get an invitation to his first birthday party and that sounds perfect!
